### Possible Dreams Update ~ from Julie Hoff

**Enrollment** ~ Our #1 source of new students is from referrals. While our presence in the metro area is growing and we are receiving more and more calls from other sources, more than 90 percent of our new and returning enrolled students were referred by a friend/family member, Groves Academy or a health care provider. We need your referrals now in order to reach our goal of 27 students for next year.

### Extra Efforts

- Special thanks to **Kate Hartfiel and Amy Parker** (intern) for all their help with writing grants this year. I am thrilled to report that we just received \$2,500 from Lifetime Fitness Foundation.
- Special thanks to **Jess Peters** for her help writing a special recycling and composting grant from Hennepin County. Right now, our grant has been recommended for funding in the amount of \$4,500. The Hennepin County Board will vote on final awards sometime in July.
- Thank you **Maryanne Dennis** for arranging for a letter of recommendation for TWLS from one Krystyna's health care providers to 20+ neuro-psychologists in the Twin Cities!
- Thank you **Doug Neal** for arranging for TWLS to present tomorrow at Alexander Center's Monthly Education Meeting!

### Still in the Works

- We have met and exceeded the stamp and paper drive goals! Thanks to all who contributed. If you still would like to contribute more stamps...**we could use another 100** or so to get through the end of the year!
- The final **Table Host Hotline** will be published soon. Watch for the date of our luncheon post-party and updated luncheon results. If you have not yet made a luncheon contribution, please consider doing so now. To meet our goal we must raise another \$3-4k by July 31.
